

Checklist of Items to Leave When You Move

When it is time to move, there are so many things that go through your head. Should I keep this, should I get rid of that. The list can go on and on.

The best way to ensure you have thought of everything is to keep a handy checklist. This list shows most items people often think about taking or leaving but sometimes aren't sure. You can also be given to your realtor to be included in your agreement. [Senior Moves](#) has created this great checklist for you to use and help remember what is going where or what is staying behind!
